

INTERNSHIP – CONTENT MANAGEMENT

ARE YOU A COMMERCIAL TALENT THAT LOVES CONTENT MANAGEMENT? ARE YOU AMBITIOUS AND DO YOU WANT TO GROW WITH THE TEAM? THEN PARAPY IS LOOKING FOR YOU!

ParaPy is a successful scale-up company situated in the prestigious Yes!Delft incubator and is specialized in the automation of engineering design processes. Our ParaPy software Platform allows engineers to easily develop applications and accelerate their work 100x, enabling them to focus on awesome new designs. Examples of products developed with our software are include aircraft wings, warehouses, water treatment facilities and the Nuna solar car. We work for established international customers from various high-tech industries like Fokker Aerostructures, Aker solutions and RoyalHaskoningDHV. To further increase our international customer base, we are scaling up our team and our marketing activities.

ParaPy is looking for a commercial talent to setup our content management and help develop new marketing strategies including:

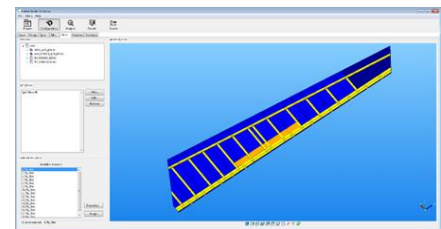

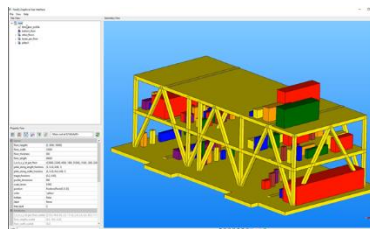

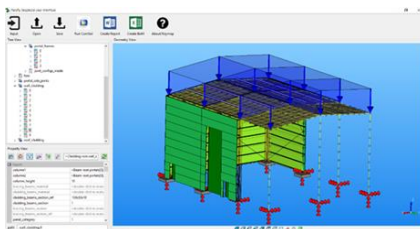

- Market research
- Creation and publication of content
- Online marketing campaign
- Events

About you

- You know all about content management and are commercially oriented
- You like to work in a small and ambitious team and take responsibility
- You are excited about engineering and technology

What's in it for you?

- The opportunity to have a direct impact
- AN open learning environment and the opportunity to grow with us
- Great working atmosphere at the office situated in the inspiring incubator of Yes!Delft
